

Liong's oil palm trees flooded.

Council urged

A TAWAU man, whose two plots of land are having problems with floods after a housing project commenced near his land, hopes the council will take appropriate action so that he will not incur losses on his oil palm plantation.

Liong Kim Chung said he owns CL 105335313 and CL 105335322 next to Taman Mega Jaya, and had planted both pieces of land with oil palm.

He said before the project started, a river flowed through his land, Taman Mega Jaya and a village.
